## Summary Information

---

<b>Repository</b>	Grand Rapids Public Library, Grand Rapids History and Special Collections Department
<b>Creator - Editor</b>	Lydens, Z.Z.
<b>Title</b>	Lydens' Story of Grand Rapids collection
<b>Date</b>	no date
<b>Extent</b>	29.9 Linear feet
<b>Language</b>	English
<b>Abstract</b>	<p>This collection contains the working files and some of the historical information gathered for the creation of the book "Story of Grand Rapids," edited by Z.Z. Lydens. This 1966 title was researched and prepared by members of the Grand Rapids Historical Commission and their representatives. Included are publication files and subject files related to the final content of the book. Also included are some original documents, which it is believed were given to the Society, and then subsequently to the Grand Rapids Public Library, during the research portion of the project. Finally, a subject card file, citing primarily newspaper articles, was prepared during the project, and this has continued to serve the local history department as an indirect index to Grand Rapids newspapers.</p>

## Scope and Contents note

---

This collection includes three major types of files:

- 1) The working business files of the Lydens' project, which ultimately resulted in the book "Story of Grand Rapids."
- 2) Historical documents and publications collected during the project. It is believed that many more of these once existed, received as part of this project. However, there is no inventory now, and if the items still exist in the collections they may have been cataloged as books or added to other GRPL archival collections.
- 3) Reference Card Files. These are by far the most valued items in the collection, and have been in use for many years. Previously, these were housed with metal drawers, available on the public service floor of the department. Their value lies in the fact that they provide some indexing to newspapers for key facts, where no other indexing is known. An index is available on the library's website.

Cranky's Story is the third story in Where's My Water?. Cranky's Story is an optional In-App Purchase that has four chapter and with challenges. In this story, the player must help Cranky clean Algae of his food. Cranky is the sewer's most hungry Alligator. Cranky is relying on an old pipe that puts out Poison Water to clean away the Algae. Now the player must help Cranky by guiding Poison Water to Cranky's food by using all their puzzle-solving skills, and their finger! The pack cost USD 1.99.
