An Essay on Man. Moral essays and satires. by Alexander Pope.Â The first design of the Essay on Man arranged it into four books, each consisting of a distinct group of Epistles. The First Book, in four Epistles, was to treat of man in the abstract, and of his relation to the Universe. That is the whole work as we have it now. The Second Book was to treat of Man Intellectual; the Third Book, of Man Social, including ties to Church and State; the Fourth Book, of Man Moral, was to illustrate abstract truth by sketches of character.
