Talking to children about God in the Age of Doubt. He answered: "If the idea is that when children are young you should give them very definite answers that do not reflect your actual experience of life, then you're lying to your children, and one day they're going to realize that you were a hypocrite. And isn't being true as much as possible in life the best kind of education you can give the young?" Rabbi David Wolpe of Los Angeles, the author of "Teaching Your Children About God," agreed. He uses his own youthful bout with atheism to encourage children to embrace their own struggles. "When a child asks a question about God, they are not coming Overcoming Awkwardness. Granted, talking to your children about sex may be one of the most awkward parenting tasks you will face. But it is well worth your effort. "Over time," says a mother named Diane, "the awkwardness fades, and talking to your child about sex can actually become a bonding opportunity." Steven, quoted earlier, agrees. When children are little, everything amazes them and makes them curious; they have the ability of imitating both the good and the bad. And most probably, while you pray, they will try to get your attention; they will start talking, as if you were encouraging them to do so, they will sing, will take out their toys, or will pull your t-shirt. Take advantage of this opportunity to explain them what you are doing and invite them to join you in prayer. Invite them to repeat after you, or ask them: "What would you like to thank God for tonight?"
Traveling to another city or country may be the perfect opportunity for you to talk to your children about God. 9. Teach Them that There is More Satisfaction in Giving than in Receiving. The Christmas season is perfect for this activity.

“Children are a great comfort to us in our old age, and they help us reach it faster too.” Author unknown. “If you want your children to be intelligent, read them fairy tales. If you want them to be more intelligent, read them more fairy tales.” Albert Einstein, theoretical physicist. “A characteristic of the normal child is he doesn't act that way very often.” Author unknown. “Play is often talked about as if it were a relief from serious learning. But for children play is serious learning. Play is really the work of childhood.” “I have found the best way to give advice to your children is to find out what they want and then advise them to do it.” Harry S. Truman, 33rd President of the United States. “The greatest gifts you can give your children are the roots of responsibility and the wings of independence.”
