

## We So Seldom Look on Love

By Barbara Gowdy

HarperCollins Publishers, United Kingdom, 2008. Paperback. Book Condition: New. 198 x 129 mm. Language: English . Brand New Book. A wonderful collection of prize-winning short stories from one of Canada's brightest authors. The cult film success KISSED is based on the title story. This powerful, disturbing and entirely original collection of prize-winning tales is a compelling exploration of all that is seemingly unnatural and outlandish. Populated by an assortment of freaks, Siamese twins, exhibitionists, necrophiles and transsexuals, these bizarre stories are shot through with Gowdy's humorous, life-enhancing and essentially festive sympathy for the quirks and quiddities found in life's carnival. Unflinchingly explicit and shocking, We So Seldom Look on Love is also moving and cathartic, pushing past the limits of convention into lives that are at once improbably fantastic and heartbreakingly real. The title story has now been filmed as the movie KISSED, a shocking and moving film that gained critical acclaim at Sundance and Cannes and will have full theatrical release in Britain, coinciding with the release of this tie-in edition.

The Two-Headed Man. Lizards. We So Seldom Look on Love. Flesh of My Flesh. P.S. Ideas, interviews & features. About the author. About the book. Read on. Praise for We So Seldom Look on Love. Also by Barbara Gowdy. Copyright. Terry cried her heart out when she had to leave that home for a home closer to the school for the blind, but within a few days she loved her second foster mother to death. They spent most of their time together on the couch in front of the tv, one of the foster mother's arms around Terry, the other holding the channel changer, which she used every two minutes because she wouldn't watch commercials and because 'Andy of Mayberry' was the only program that didn't drive her crazy. 'We So Seldom Look on Love' - Barbara Gowdy: Flamingo, 5.99. KATHY PAGE. Saturday 28 August 1993 00:02. WE ARE used to fiction which explores the darker parts of the collective psyche and indeed, we accept the mad and damaged on paper in a way most of us could not in our real lives. Far less familiar is the territory Gowdy explores here - the human body - rather, human bodies; where they begin and end, how different they can be from each other; how we perceive them and how that can shape our lives. Her cast of characters includes children who are encephalitic, hyperactive, birthmarked, brain damaged. Even so, Delinsky sometimes manages to pick up the pace, and in those moments the beauty and nuance of this complicated family tale shine through. Readers who don't mind skimming past details that do little to advance the plot may find that the juicier nuggets and realistically rendered human connections are worth the effort. A touching family drama that effectively explores the negative impact of stress on fragile relationships. 0. Pub Date: May 19, 2020.
